

**Instructions for initial setup of the Medical Resource Management System prior to completing your demo.**

1. Add the following nine doctors to your system and store their details for recall at the beginning of your demo. You should add all these details into your system the day or so before the demo to ensure your system is correctly populated and ready for the demo on the day. This will save time during the demo. Please **DO NOT** include any additional doctors – just the nine with the exact details as supplied here.

<b>Name</b>	<b>Address</b>	<b>Preferred Contact Means</b>	<b>Contact ID</b>	<b>Specialism</b>	<b>Certification Date</b>
Conor Murphy	12 Front Road, Leeds	Telephone	+44(0)7941 123456	Hematology
